

DELIVERANCE PART 1

1. **What is Deliverance?**

- Deliverance is not a ministry
- It is for all believers – Mark 16: 17
- It brings someone into liberty after they have been bound in an area for whatever reason.
- There is not such a thing as identifying each demon that is attacking. Jesus never did this.

2. **Demon possession vs. demonisation**

- The term demon possession implies that you do not have a choice
- Everyone has a choice to get set free. – Mk 5:6-12
- There are only levels of demonisation

3. **Is deliverance necessary?**

- No, inner healing and deliverance would not be necessary if you released all at salvation;
- Unfortunately, we have need of both inner healing and deliverance, because we carry excess baggage.

4. **Isn't deliverance a negative thing?**

- Not at all, it is very positive because it is a sign of growth and someone getting rid of bondages in their life.

5. **Can a Christian have a demon?**

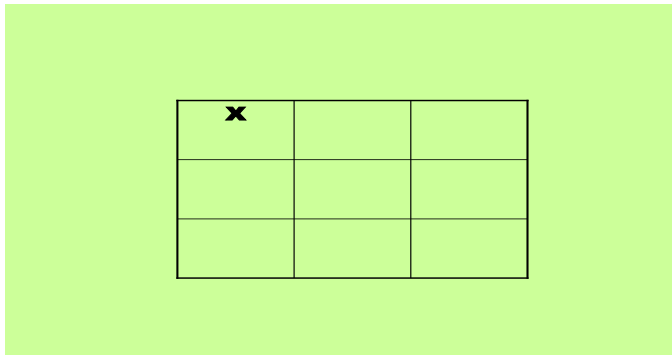

- Yes, the following diagram explains why:

Spirit	Soul	Body
Worship	Will	Flesh
Intuition	Intellect	Blood
Conscience	Emotion	Bone

- Demons connect onto an area in your soul or body realm, which you allow.
- Your Spirit is still saved and you will still go to heaven.

6. **Why is it that a Christians can be under the anointing for years and all of a sudden they manifest a demon?**

- A demon only manifests (exposes) itself when it is threatened.
- You are like a house with many rooms.

- A demon only manifests (exposes) itself when it is threatened.
- A demon will latch onto an area and have a right to stay there because of you.
- As you grow, area after area is dealt with and you hit the area with the demon, it exposes itself.
- It is just like the Israelites possessing the land. They had one battle at a time but eventually they possessed it.
