

DELIVERANCE PART 2

1. How do you do deliverance?

- There are 2 types of Deliverances:
 - A person coming for counseling;
 - A person manifesting under the anointing.

2. A person coming for demonic counseling

- There are 3 phases called 45-10-45 principle:
 - 45% - Pre - deliverance counsel;
 - 10% - Deliverance;
 - 45% - Post - deliverance counsel.

a. 45% Pre-deliverance counsel

- Find the root (the open door).
- 90% of the time the door is unforgiveness.
- Explain what deliverance is about and how to keep the door closed.
- Determine if the person is serious or not.

b. 10% Deliverance

- Deliverance is broken into 3 parts:
 - Repentance
 - Forgiveness
 - Renouncing

1. Repentance:

- Recommit the person to the Lord;
- Get the person Born Again.

2. Forgive Others:

- Ask God to help the person forgive and release the person to God for Him to deal with.

3. Renouncing:

- Now you lead the person in a renunciation prayer in which the person renounces all demonic spirits and commands them to loose the person, as they don't have any more right in their lives;
- Once the person has prayed, you lay hands on them and release the anointing and allow the Holy Spirit to fill them to overflowing.

c. 45% Post –deliverance counsel

- Once the person is sober and out from under the anointing, you start post deliverance counseling.
- This is where you teach the person how to keep the door closed and walk in the victory.
- You must now get the person into home cell and church and you must do the follow-up.
-

3. A person manifesting under the anointing

- You must take the person out of the anointing.
- You must calm the person down and then start with pre-deliverance counseling.

4. Do's in Deliverance

- Pray before deliverance if possible.
- Know and apply your weapons.
- Get others to help if necessary.
- Pray for a total release after deliverance of any spirits that might want to latch onto you.

5. Don'ts in Deliverance

- Don't pray in tongues in deliverance until post-deliverance stage.
- Don't touch the person until post-deliverance stage.
- Don't bring buckets and other equipment.
- Don't attempt a major deliverance alone.
- Don't take spectators into a deliverance

6. Summary

- Know your weapons of warfare.
- We don't have to fast for demons to leave as Jesus has now died and paid the price.
- Jesus has totally disarmed the demonic world – Col 2:15
